GREY TOILE COLLECTION

A technique that fell out of favor for many years, fabric wrapping furniture is an exacting art which Studio A Home has revived with the help of one of the industry's leading manufacturers of fine accent furniture. Wrapped by hand in fine Belgian linen then given a multi-layered grey-toned glaze, this collection features oak interiors and custom antique nickel hardware.

DIAMOND MEDIA CABINET

A precisely hewn diamond pattern is carved into the front and side panels of the Diamond Media Cabinet. An antique grey finish on the multi-dimensional mango wood surfaces richly enhances the grain of the wood. Uniquely shaped brushed Matte Nickel steel legs repeat the diamond pattern of the cabinet. Brushed Matte Nickel trim is inlaid between the top surface and cabinetry. Touch latches on four cabinet doors. One adjustable shelf in each section. Pass through conduits allow for easy cable access to electronic components..

DRIFTWOOD COLLECTION

Inspired by the soft, sandy hues of the seaside, the distinctive, sun-bleached look of the Driftwood Collection is achieved by first lightening the mango wood, then applying a subtle, creamy wash. Handcrafted latticework and sunburst inlay tops are features of this popular collection.

KYOTO COLLECTION

This painstaking carving process is aimed to show a different side of the natural beauty and texture of wood that is not usually seen on plain surfaces. The peaks and valleys created convey an abstract texture that is organic and sculptural in form. Painted in black, the texture mimics that of delicate charcoal with none of its instability. Constructed of Gmelina wood, a cousin to Beechwood. Matte black finish.

VIENNA COLLECTION

The Vienna Collection is an updated ode to mid-century understated sophistication. Could an office at home be any more elegant? Studio A Home's Vienna Secretary is cloaked in bleached walnut veneer over an African Mahogany frame. The matchbook technique on the doors and drawers emphasizes the beauty of the walnut grain. When open, the drop-down door reveals a large working surface covered in ivory leather which is firmly held in place by reinforced brass hinges. A brass corner grommet allows for easy cable access to the work area. Nine small drawers provide storage opportunities. When closed, the drop-down door is held securely closed by powerful magnets. The lower section is sized for printers and storage and has a wire-way grommet in the back panel. Custom cast brass hardware.
